

MORVERN
CARE CENTRE

CARE AND COMFORT AT THE COAST

Home, Sweet Home

Care Home for the Residential and Dementia Care

Since 1982

A *Warm Welcome...* Awaits you at the Morvern Care Centre

Morvern Care Centre has been providing high standards of care since 1982 and we will continue to maintain these high standards to ensure a comfortable and enjoyable environment for our residents. We are also committed to meeting the National Regulations for Care Homes and our home meets the quality assurance standards set by 'Investors in People'

Our home is situated in a prominent position on the South Promenade in Cleveleys. It is in a peaceful residential area overlooking the Irish Sea. The town centre and all local amenities are only a few minutes' walk from the home. We are well known for our excellent care service, experienced and efficient trained staff.

Your Home...

The Care Centre offers a mixture of single and companion rooms, and residents are welcome to personalise their room accordingly.

Our staff make regular shopping trips for confectionery and toiletries should our residents need them. All our rooms are fully furnished and have a wash-basin, television, bedroom furniture and staff call system.

Personal laundry facilities are included in our services and there is a public telephone available for residents use.

Caring for You...

Each of our residents are treated as individuals and cared for with respect and dignity within a homely environment. The residents each have person centred care plans to ensure that their personal and social care needs are met and supported.

Our dementia friendly environment and therapies such as reminiscences and life skill areas encourage residents to focus on happy memories.

Our personalised care and expertise create the atmosphere of home from the moment a resident arrives and they feel part of the Morvern family

Life at Morvern Care...

Our Activities and Events

Our home provides stimulating activities and entertainment programmes which promote a healthy and fun lifestyle for our residents. We have an experienced Activities Coordinator who arranges daily activities and social events. We encourage residents to continue any hobbies of their choice and join in activities as they wish.

Our social calendar is very busy throughout the year. We like to celebrate Christmas, Burns Night, Valentine's Day, Chinese New Year, Easter and many more.

Food and Drink...

Food and drink are an important part in all our lives, and a particularly enjoyable experience at the Morvern Care Centre. Our catering team ensure every meal is not only delicious but reflects each individual's likes, dislikes and dietary needs.

All our menus offer choice of main meal and we will supplement these with alternatives for people who want something different. Alongside home-made meals, a range of snacks is also baked fresh each day for the people living in our home to enjoy.

Special care is taken of residents who are ill or who appear to be losing weight. We encourage all residents to eat in the dining room and enjoy the social environment. But if they wish to eat in their rooms or in the lounge area their wishes are respected.

Facilities...

Morvern Care Centre is a delightful place for residents to enjoy the fresh air, the sight and smells of the Irish Sea or simply relax and enjoy the peace. Our home provides facilities to ensure our residents have a pleasant experience during their stay. An efficient 24 hour call system is situated in all the rooms as well as TV with digital channels. Many of our rooms have sea views.

At Morvern Care hairdresser and Chiropody services are available to our residents on a regular basis. Charges must be paid directly by the resident as these services are not part of the Centres service.

Types of Stay...

Morvern Care Centre provides residential and Dementia care. Types of stay at the Care Centre can be long or short term care, respite care or day care.

The home has a team of NVQ trained staff that are on duty 24 hours.
