

Your Warm Welcome...

We are a pioneer high standard elderly care provider since 1982. We aim to provide the highest standards of care to the resident to make their stay with us very enjoyable and comfortable without losing their independence and life style in secure homely environment.

Situated in a prominent position on the South Promenade at Cleveleys, the Centre is a few minutes walk from the town centre and all local amenities.

Morvern Care Centre is committed to meeting the National Regulations for Care Homes. In addition, the Centre meets the quality assurance standards set by 'Investors in People'.

Your Home

The Care Centre offers a mixture of single and companion rooms, and residents are welcome to personalise their room accordingly.

Hairdresser and Chiroprody services are available to residents on a regular basis. Charges must be paid direct by the residents as these services are not part of the Centre's services.

There are regular shopping trips by staff for confectionery and toiletries for residents unable to leave the Centre.

All our rooms are well appointed with washbasin, television, bedroom furniture and staff call system.

Personal laundry facilities are included in our services and there is a public telephone available for residents use.

Your Care

All residents are carefully assessed so that we deliver exactly the care you need. Our social activities organiser will discuss with the individual resident and will arrange their leisure interest.

Our personalised care and expertise create the atmosphere of home from the moment a resident arrives and they feel part of our family.

There are a range of activities and diversional therapies which residents, and often their visitors too, can take part in.

We provide freshly cooked meals from a choice of menu.

Your Choice of Home...

- NVQ trained staff on duty 24 hours a day
- Delicious home cooking with choices at all meal times
